MURDER CASE IS REVIVED TODAY

Mayor C. L. Behout Holds Court of Inquiry Taking up Killing of Milton Wagner.

WIDOW APPEARS AT HEARING

Officers May Have Some Clue—Other Cases Scheduled to Come up For Airing.

A court inquiry was in progress this afternoon before Mayor Behout and among the things to be taken up was the mysterious murder of Milton Wagner. Wagner, it will be recalled was murdered by an alleged burglar last fall at his home in West Eighth street.

This was the first case taken up by the court of inquiry. It is not known whether the officials have something new on the case or not, but it is known that Mrs. Wagner and most of the witnesses who appeared before the coroner at the time of his death were before Mayor Behout. Thos. Hughes, who lived next door to the Wagner home and who was one of the first to get to the house following the shooting, was the first witness before Mayor Behout.

Prosecutor Stevens conducted the examination before Mayor Behout. The Wagner case came to the attention of the officials before Prosecutor Stevens was in office and one of the purposes of the inquiry, it was stated was to acquaint the state's attorney with the facts in the case. The Wagner case is so old that many people do not believe that the officials will now be able to do anything and for this reason when it was learned that the case was being investigated great interest was immediately shown.

The local officials believe that all the facts in the case were never learned and rumors have been heard for some time. If anything new is brought out this afternoon Prosecutor Stevens will take the case before the grand jury. The officials would not comment on the case other than to admit that it was one of several to be investigated.

The parents of Edgar Foster were also before the court. Edgar Foster is material witness in the circuit court in the case against Chester Taylor, charged with the illegal sale of intoxicating liquor. He disappeared while the grand jury was in session and has not since been seen. The state desires to have him here as the case cannot be tried without him. It was understood that his parents knew where he was located and this was said to be the purpose of having them before the court of inquiry.

Two express agents were also before the court of inquiry and it was stated that their presence dealt with some alleged liquor law violations.

NO GENERAL OBSERVANCE.

There was no general observance of St. Patrick's Day here today outside of the special services at St. Mary's church. Green was predominant in many store windows and many persons wore little pieces of green ribbon to signify this was the natal day of Ireland's patron saint. The dramatic club of St. Mary's parish will give a three-act drama, "Shaun Aroon" tonight at the church hall. The table cloths at the Seaman house today were green and the dining room was decorated with flags.

A cake exchange will be held at Dixon's millinery store Saturday morning at ten o'clock by Mrs. Minnie Abercrombie's class of the Methodist Sunday school.

VISITING NURSE TALKS

Explains Her Work Before Parent-Teachers Association.

Those who attended the meeting of the High School Parent-teachers Association at Graham school last night heard a lucid and highly interesting explanation of the work of Miss Mary Moore, visiting nurse here. Miss Moore was highly complimented for her talk and the frank and earnest manner in which she answered the questions asked. She told how she gained entrance to homes and how she visited many each day. She also explained how she learned of cases of sickness where she could give valuable service.

HOUSE 75 YEARS OLD BURNS AT FAIRVIEW

Two-Story Frame Structure Owned By John Smelser Goes up in Flames Tuesday Night.

OTHER HOUSES ARE SAVED

A two-story frame house in Fairview owned by John Smelser and occupied by William Jackson and family, burned down last night at an estimated loss of \$500, with no insurance. The fire originated from a defective flue. The efforts of the volunteer fire department were of little avail and only a small part of Jackson's household goods from the lower floor were saved.

The direction of the wind probably saved other houses in Fairview from catching on fire because the sparks were all blown away from the town. Jackson's loss was placed at \$100 and Smelser's at \$400. Mr. Jackson worked for Mr. Smelser. Mr. Jackson expressed his gratitude today for the assistance neighbors had given him.

The house which burned was one of the old landmarks of the county and was known in Fairview and vicinity as the old "Billy Moffett residence." It stood at the intersection of the cross roads in Fairview and was erected more than seventy-five years ago.

BOY MADE WARD OF JUVENILE COURT

Robert Glore is Taken to Indianapolis Orphans Home by Probation Officer

FINALLY SHOWS UP IN COURT

Robert Glore was made a ward of the juvenile court and was taken to the Indianapolis orphans' home this morning by James Miller, probation officer. After spending the night, away from home and failing to go to school in the morning the boy showed up at school yesterday afternoon and was brought before the juvenile court shortly after two o'clock.

The boy told Judge Sparks that he had been playing around over the city and that he had spent the night at a depot. The boy seemed anxious to get away from the home of Mr. and Mrs. Howard Glore and the court believed that their home was not the proper place for the boy.

The J. I. Case Plow Works has filed suit on a note against James Irvine, Elihu Price and Charles N. Philips, partners doing business under the firm name of James Irvine and company, demanding \$550.

WOLTER IS GIVEN HIGHEST FINE YET

Sentenced to 180 Days in Jail and Fined \$400 by Jury in Mayor's Court.

APPEALS TO CIRCUIT COURT

State Brings Out he Gave Occupation as Retail Liquor Dealer in Obtaining License.

Eddie Wolter was found guilty of operating a "blind tiger" by the jury in police court yesterday afternoon late and fined \$400 and sentenced to jail for 180 days. This is the largest fine ever assessed in police court and lacks one hundred dollars of being the maximum under the law. Wolter took an appeal to the circuit court and gave bond in the sum of \$800, signed by P. A. Miller and Thomas Sharp.

Each jury in police court seems to go the previous jury one better in assessing fines. The first case tried there in the recent cleanup movement gave A. E. Kinsley, custodian of the Eagles lodge, \$125 fine and 180 days in jail. The jury recommended the suspension of the jail sentence. The next case was that against Newton Casey. Casey was handed a fine of \$350 and 180 days in jail. The climax came yesterday with the \$400 fine and six months in jail. The jury did not say anything about suspending the sentence.

Wolter has two similar charges against him and the state expects to prove him guilty on both. The first of the two remaining cases will be tried Friday afternoon, or at least it is set for trial at this time.

In obtaining a conviction against Wolters the state, played heavily on the fact that Wolter held a government license and exhibited in evidence the receipt from the internal revenue office in Indianapolis to show that he had paid \$25 for it. Under the law and as held by the supreme court, the possession of a government license in "dry" territory is prima facie evidence of a "blind tiger."

Wolter's defense was that he used the beer for family use and that it had been prescribed for his wife by a physician. The physician was placed on the stand and testified that he had prescribed beer for Mrs. Wolter about two years ago and admitted that he was at the Wolter's home last Saturday when he again prescribed beer. The state showed this was three days after the last raid. In the final argument the state pointed out that if Mrs. Wolter was the only one using the beer that from that time it was received and until the time the police made the raid she would have consumed about forty bottles in one-half day. Mrs. Wolter spoke out in protest at this statement and was told she might take the witness stand.

The state brought out that in taking out the government license Wolter gave his occupation as a retail liquor dealer and the state contended that this was evidence alone to warrant a conviction. The state pointed out that Wolter was the agent for a big brewery and that this concern was able financially to pay all the fines that the jury might impose.

ASKS 2-CENT RATE.

(By United Press.) Indianapolis, Ind., March 17.—The I. & C. Traction company today filed with the public service commission a petition asking a flat two-cent rate, the same as is allowed the Union Traction company and others. It would do away with round trip tickets and would establish "copper zones."

OVERRULES NEW TRIAL MOTION

Judge Sparks Holds Today Louis C. Lambert is Not Entitled to Another Hearing.

AN APPEAL WILL BE TAKEN

Eight More Names for Jury Service in First Liquor Case Set for Circuit Court

Judge Sparks overruled a motion for a new trial this forenoon in the case of James V. Young, administrator of the estate of Milton Wagner, deceased, against Louis C. Lambert. The suit was based on an insurance policy and the jury trying the case awarded the plaintiff Young \$1,000, thus holding, it is said, that the signature to the assignment of the policy was a forgery. The motion for a new trial was argued some time ago and the decision handed down this morning.

One of the things alleged in the motion for a new trial was misconduct on the part of the council for the plaintiff, it being alleged that he used language to work on the jury's sympathy and also used Mrs. Wagner, widow of Milton Wagner, as the thirteenth juror. Judge Sparks stated that the first notice he had of anything of this kind was when the motion for a new trial was filed. The court held that the question decided by the jury was one of fact and it was not for the court to rule against the decision of twelve men. Attorneys for Lambert will appeal the case to the supreme court and the appeal bond was approved.

A special venire of eight men was drawn today for jury service tomorrow in the case against Newton Casey, charged with the illegal possession of intoxicating liquor, which is scheduled to start in the circuit court on an appeal from the mayor's court, and great interest is being taken in the outcome. In the mayor's court Casey was found guilty and fined \$350 and given six months in jail.

Part of the regular panel found Casey guilty of associating and for this reason the court ordered an additional panel drawn, expecting that some of the men that heard the first case would not be allowed to serve. The special venire is as follows: George W. Gross, Walker; Peter Hollowell, Center; James M. Smith, Union; Henry Knotts, Washington; J. E. Frazee, Rushville; Charles McBride, Center, and John W. Davis, Rushville.

The claim of Frank G. Windeler against the estate of Margaret Windeler, deceased, was dismissed today in the circuit court. The claim was for \$2,869.82. It was heard some time ago and taken under advisement by the court. Wallace Morgan was allowed \$50 for defending the action.

BLOCK AND A HALF BURNS.

(By United Press.) Champaign, Ill., March 17.—Fire starting from an unknown cause today had destroyed the half block occupied by the six-story Illinois building and all of a full block adjoining except a corner occupied by the Citizens State bank. The damage will be several hundred thousand dollars.

At ten o'clock the fire was believed to be under control.

DRUG FIENDS HELD.

(By United Press.) Atlantic City, N. J., March 17.—Trembling pitably from forced denial of drugs due to the federal law, seventeen confessed drug fiends, fourteen men and three women were held in jail today.

INDICTS FOUR FOR BRIBERY

Terre Haute Grand Jury Airls School Supplies Scandal.

(By United Press.) Terre Haute, March 17.—The local grand jury today indicted four men for bribery of a public official, presenting false claims and larceny in connection with mismanagement of the office of the trustee of Harrison township. The four indicted men are: George M. Moray and David B. Hill, Indianapolis; O. J. Steffy, Carlisle, and Hubert Elgert of this city. George Weldels, the trustee alleged to have received the bribe, was not indicted which caused some speculation. School supplies were involved. Hill formerly lived in Bartholomew county and was once proposed as Democratic candidate for mayor of Indianapolis.

REMONSTRANCES BEING PREPARED

Remonstrators Must Have Majority of Resident Property Owners on Any Street.

OTHERWISE IT IS USELESS

Several remonstrances are being circulated against the proposed street oiling and will be presented to the council at the special meeting one week from Thursday, March 25. In order to successfully remonstrate against the oiling it is necessary to obtain a majority of the resident property owners on a street. Under the law it is useless to obtain a remonstrance to a section of the street as outlined in the improvement resolution as passed by the city council.

A false impression is held by many regarding who has the right to sign the remonstrance. Unless the signer be a resident property owner of the street which the remonstrance covers the name will not count for anything, according to the law.

ORVILLE HODSON IN BAD CONDITION

Youth Charged With Check Forging Suffers From Lack of Habit Forming Drugs.

SECRET MIDNIGHT MEETING

(By United Press.) Frankfort, Ind., March 17.—Orville Hodson, age 22, who detectives says has confessed to passing many large bogus checks and who is waiting trial here on many charges, was in a serious condition here today for the lack of habit-forming drugs. He is addicted to the habit and the stuff smuggled to him in the jail has been taken from him. His condition was so bad that the jail employees gave him more.

Jail attaches told today of a secret midnight conference held with Hodson by his wife, Hattie Bainbridge Hodson, and her parents who motored from Louisville to Frankfort and left the jail about 3 a. m. today. Every effort was made to keep the visit secret. It is believed it was definitely determined whether Hodson shall plead guilty Friday.

SYSTEM TO GET FUNDS EXPOSED

Witnesses in Election Corruption Trial Tell How Gaming House Owners Were "Bled."

WERE FORCED TO CONTRIBUTE

Testimony Reveals Night Police Chief Made List of Saloons and Gambling Joints.

(By United Press.) Indianapolis, Ind., March 17.—The alleged system under which powerful Terre Haute gaming house owners were "bled" and forced to contribute hundreds of dollars to Night Chief of Police Jack Nugent, appointed by Mayor Roberts, for an election fund and particularly toward the election of Eli Redman, now circuit judge, was exposed today in the government election conspiracy trials. Many admitted Terre Haute gamblers testified.

The testimony showed that Nugent made out a list of saloons and gaming houses with the amount each place was to contribute and that several gamblers contributed direct to Eli Redman.

Philips (Pop) Burns admitted that he ran "a little game of chance" in which a man could laydown a nickel "and if he was lucky get five dollars." He said he gave \$60 to the registration fund, \$150 for the election fund and gave Eli Redman \$200.

"Redman said: 'Pop I'll give that back to you,'" said Burns, "but I said: 'Oh, that's all right.'"

James Shea of the Shea brothers saloon took the stand. He said a gaming house over his saloon was operated for him by Les Hull.

"Jack Nugent said he had us down for a contribution," said Shea. "We gave him \$600 in all." Shea said he gave Redman \$500 and that Redman gave his note for part of it. Shea was later recalled to the stand.

"Did you make any contribution to the defense fund in this federal trial?" asked District Attorney Dailey.

"Yes, I gave \$200 to Mayor Roberts in his office. Roberts said he wanted \$200 for attorneys' fees," said Shea.

Sheriff Dennis Shea of Vigo county cursed and abused prisoners arrested in Terre Haute on election day, according to the testimony today of Frank T. Drake in the government conspiracy trial. Drake said he was sworn in as deputy sheriff and that he served at the polls where Deputy Pete Siler was shot after Siler, it is said, had abused his power as deputy.

"Shea drove up in an auto after Siler was shot and came up to me," said Drake. "He asked me whether I had a gun and I said I had and that I was an election sheriff. He grabbed me and said: 'Come along with me you dirty —.'"

Drake said Shea abused him and called him vile names repeatedly and that while in the jail Shea said: "I've just had one of my best deputies shot just like you. I have a notion to go in to his cell and scatter his brains all over it."

Drake said he was put into the cell occupied by Wesley Mitchell, who shot Siler and that Mitchell's jaw was broken.

ALARMED AT PROGRESS.

(By United Press.) Washington, March 17.—Much alarm exists at Progresso, Mexico, according to state department advices today from Consul Silliman at Vera Cruz owing to the severe defeat suffered by the Yucatan insurgents against German Carranza. It was stated that foreigners had asked asylum on an American warship.

Amusements

The Princess will show a three reel feature "Two Women" for the program tonight. An all star cast including Earl Williams, Aneta Stewart, Julia S. Gordon and Harry Northup is featured. The two women of which the picture deals are very different. One as wise as a serpent, the other as innocent and harmless as a dove. The story is said to be very novel and the story is full of thrills and surprises. With an all star cast the picture should prove a real treat.

The Gem offers a two reel Rex drama "The Sin of Olga Brant" for the first picture tonight. Pauline Bush is featured and it is said to be a thrilling story telling a story full of human interest. The other is a Nestor comedy entitled "Pruning the Movies." The Heckville board of censors start an uplift movement and the results are shown in this picture. Eddie Lyons and Lee Moran are featured. Tomorrow night the fifth episode of "Terrence O'Rourke" will be shown.

Sulky Plows

I will sell on September 1916, time Sulky and Walking Plows. These are the best on the market. The reason why I am selling them on long time is that one order from the factory and one from Indianapolis were both shipped in—this is the reason.

The Sulky is what the farmer has been looking for. This is the greatest plow on earth today. Sam Young says it will plow in any kind of dirt. Sam knows a good plow as he has lived on a farm all his life. I don't think Sam knows a plow from a wheelbarrow. There is one thing I do know—Sam Young won't lie.

If you will call at my place I will show you the Best Plow in the World.

Acts of Recent Legislature Are Explained by Expert, John A. Lapp

(This is the third of a series of articles prepared for the United Press by John A. Lapp, director of the Bureau of Legislative Information, explaining the new state laws. Editor.)

Two laws of great interest to bankers in the state were enacted at the present session of the legislature.

One provided that any private bank, state bank or national bank shall have fiduciary powers similar to those exercised by Trust companies. The law provides that they may accept any and all trusts and give authority for the president and cashier to accept such trusts in the name of the bank.

The second law provides for a charter board consisting of the governor, secretary of state and the auditor of state. This board is authorized to pass upon the financial standing and character of the or-

ganizers and incorporators of any bank and the public necessity for such a bank in the community in which it is sought to be established.

Hereafter any person proposing to establish a bank of discount and deposit, savings bank or loan, trust or safe deposit company must make application to the charter board and if upon examination the board finds the financial standing of the incorporations to be good and that there is a public necessity in the community for such a bank or company, the board may grant a charter. If however, the board finds adversely on either of the questions, they may refuse the charter.

Severe penalties are attached to any person who attempts to do a banking business without securing the approval of the board.

The bill has an emergency clause and the law, therefore, went into effect the day it was signed.

\$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on "fire protection" that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.
Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

Woman Suffrage

(South Bend Tribune)

The returning legislators will realize more than ever the opportunity they missed when they declined to give limited suffrage to women in Indiana or to provide for a constitutional amendment giving them full suffrage. Nothing is more clearly evident just now than that women ought to be given the right to vote on an equality with men. Undoubtedly the reason the 69th assembly failed was because it was dominated by the liquor element. It feared reforms woman suffrage might inaugurate.

While the fact that women would

THE BEST PROOF

Given by a Rushville Citizen.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony—

The proof convincing.

It can be investigated by Rushville residents.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass the kidney secretions, which were sometimes attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular."
(Statement given June 1910.)

Over Two Years Later, Mr. Levi said: "I am still free from kidney weakness, thanks to Doan's Kidney Pills."

likely bring certain reforms to pass should they be given the right to vote is a strong argument for giving them the right, there is another deeper, more fundamental reason. The Fort Wayne News points it out clearly when it says that "if we exempted women from taxation and from the operation of our civil and criminal statutes, we might justly plead that she stands beyond the pale of suffrage; but so long as her property is taxed and so long as she is amenable to the same laws as man she is entitled as a matter of simple justice, to all of man's privilege."

Then the News points out that the war of the revolution was fought on the issue that "taxation without representation" was unjust and concludes, as every thinking man must conclude, that woman suffrage is only a matter of time. And the women are not going to forget the party which gives them the right to vote, anymore than the negroes have forgotten the party that enfranchised them. There is with the Democrats of the 69th assembly made catpaws of themselves for the liquor interests.

ONEALS HAVE GOOD SALE.

Oneal Brothers had a good sale at their farm three miles south of the city yesterday. Most of the stuff brought exceptionally good prices. The total receipts were in the neighborhood of \$3,800. Corn sold for eighty cents a bushel in the crib and some registered Hampshire sows sold for \$38 each.

WAY IS PAVED FOR NEW TAX SYSTEM

Legislature Passed Bill Providing for Appointment of Commission to Report in 1917

WILL STUDY CONDITIONS

(By United Press.)

Indianapolis, March 17.—Indiana's system of taxation, which by some has been termed unjust and inefficient, will be thoroughly investigated, and a program of readjustment outlined.

The legislature which adjourned Monday paved the way for action by the 1917 session on the tax question when it passed the Gemmill bill providing for the appointment of a state tax commission of five members to study the problem and report to the next session.

The commission is authorized to consult with John A. Lapp of the bureau of legislative information.

WANTS CROSS-TOWN LINE

(By United Press.)

Evansville, Ind., Mar. 17.—Mayor Bosse is determined to have a cross-town streetcar line. So determined is he that he announced today that unless the Public Utilities company comes through with one, he will establish a municipal jitney bus line. The nickel autos would allow west-side workmen to go home nights without having to go out of their way and pass through the downtown section.

Wallace Campbell, formerly of this city, who disappeared for several years as if he had been swallowed up by a hole in the earth, has been heard from again. Word received from Ned Abercrombie, who is on the way to the Panama-Pacific exposition at San Francisco, is to the effect that Mr. Campbell is now in El Paso, Tex. He was in Mexico most of the time and his whereabouts were unknown, it is said. He came to the states when the conditions grew so bad and recovered his health in a sanitarium. He returned to Mexico about six weeks ago, according to the story received here, but could not stay.

TODAY'S ODDEST STORY
(By United Press.)
Tigerton, Wis. Mar. 17.—This village boasts the largest family in the United States. There aren't so many of them, but there's a lot of each.
At a recent gathering of the Hoffman brothers a dispute arose as to which was the biggest man in the family. They got weighed, with the following result: Hubert, 243; John, 233; Matt, 220; Louis, 229; Joseph, 230; Henry, 280; Harry, 247; J. H., 217; Hans, 234. Sounds like the lineup of a team of bowlers with their best scores.
That's more than a ton of brothers, at an average of 233 per Hoffman.

PUT CREAM IN NOSE
AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

MASON NIBLACK

Gilbert H. Hendren Today Explains

Position of Each of His Sons

and Daughters.

REFUTES CHARGES MADE

Says Attack on Him Was Probably

Due to Fact he Supported

Bedwell For Speaker.

(By United Press.)

Indianapolis, Ind., March 17.—When Representative Mason J. Niblack towards the close of the 69th session of the legislature made a striking speech against the bill (now a law) to reappoint Gilbert H. Hendren, state examiner of the state board of accounts for a four year term, he stirred up something. Mr. Hendren came back today with a statement refuting the charges of Representative Niblack that the Hendren family had been unduly taken care of at the expense of the state.

Under the heading, "The Hendren Family," Mr. Hendren explains the position of each one of his sons and daughters. Niblack mentioned the fact that Bert Hendren is in his father's office. Of this Hendren says:

"My son, Bert Hendren, was appointed field examiner by W. A. Dehority, two years and seven days before I was appointed state examiner. Nobody questions the fact that Bert Hendren has made good, and, having obtained his position under civil service, as required by law, certainly no reasonable person would expect his father to kick him out so long as he makes good."

The statement answers the charges of Niblack as to the two sons employed at Burford's, holder of the state printing contract.

"My two sons, Curtis and Herman, who are employed by Wm. B. Burford, the publisher, commended work for Mr. Burford nearly two years before I was appointed state examiner, and how anybody could take exceptions to this is more than we can understand," continues the statement.

"Another son, William, is a claim adjuster for the Union Traction Co., and another son, S. D. Hendren, has been a clerk for the Lake Erie and Western Railroad company and the Big Four for about eight years. Is there anything improper about this?"

"A daughter and a son are students at Shortridge high school and the oldest daughter lives at Alama, Cal. Another daughter lives at home. Three sons, Bert, William and Curtis, have been attending law school in this city for two years of nights and will graduate in June. Is there anything dishonorable, unfair or against the interests of the public in any way about this whole transaction."

"I supported Charles H. Bedwell for speaker and that probably is the reason for Mr. Niblack's opposition to me."

The fact that Niblack and Hendren hail from the same district, the Second, is not calculated to better matters. Mr. Hendren was for several years chairman of the district and Mr. Niblack is the veteran representative from the district and recently has announced himself as a candidate for governor. Both are Democrats.

\$6 FOR GRADUATING DRESS.

(By United Press.)

ASKS FOR DIVORCE

Complaint Alleges Husband, Walter

S. Smith, Frequently Struck

and Cursed Her.

DEMANDS ALIMONY OF \$75

Mrs. Bertha M. Smith filed suit this morning for divorce from Walter S. Smith. Mrs. Smith alleges cruel and inhuman treatment. According to the complaint, they were married October 17, 1897 and separated on February 14, 1915. Mrs. Smith states that he frequently struck her and cursed her in the presence of their children. It is asserted that he frequently used obscene language in the presence of the children. She also states that he kept intoxicating liquor in their home.

They have four children and Mrs. Smith asks the custody of them, alleging that he is not a fit person to have care of them. She demands alimony in the sum of \$75 and demands \$5 a week support money.

Secretary of State

DEPENDS ON HOMER L. COOK

(By United Press.)

Indianapolis, March 17.—State Senator John B. Faulkner, the editor of Michigan City, has been one of the chief topics of conversation about the statehouse since he left for home following the close of the 69th session of the legislature. The talk has it that Senator Faulkner will be a candidate for secretary of state two years hence, provided Secretary of State Cook does not care to run again.

Senator Faulkner would not state definitely before he left whether he desired to be a candidate. He did say, however, that he had been approached by friends who desired him to run for mayor of Michigan City.

LOCAL PHYSICIAN
BUYS NEW MACHINE

Dr. Lowell M. Green Has Just Re-

ceived Apparatus for Admin-

istering Anaesthetics

MANY USES IT MAY BE PUT TO

Dr. Lowell M. Green has purchased and just received an anaesthetic machine which he expects to use in administering anaesthetics in surgical operations and which also will be found of value in denistry and in the practice of obstetrics. The machine is in use in all the larger hospitals and is highly commended by the leading medical journals as the safest method of anaesthetizing. It's chief value lies in the safety it guarantees and the ease with which it is used.

The machine is equipped with a tank of nitrous oxide and a tank of oxygen gas which are so arranged that the two may be mixed in any proportion and regulated at any stage by control valves. When combined they may be heated by electricity by attaching to an electric socket. There is also an emergency control to give the patient oxygen separate and apart from the combined anaesthetic in case it is seen during the operation more oxygen is needed. There is also an ether jar on the machine so that the patient may be given ether while taking the anaesthetic when the surgeon thinks is needed. There is an air control on the machine and on the mouthpiece as well so that air may reach the patient's respiratory organs if the surgeon feels the need of air during operating. Besides, on the mouthpiece there is an exhaling valve to allow carbon dioxide to escape when the patient begins to show signs of the lack of oxygen in the blood while the operation is being performed. The oxygen and nitrous oxide are a thousand pounds to the cubic inch as they are prepared in jars, and are very expensive.

LAND RECLAIMED ALONG KANKAKEE

Crooked River is Passing as Dredging Work Advances—Ditch 29 Miles Long.

TAKES CARE SURPLUS WATER

(By United Press.)
Kankakee, Ill., March 17.—The crooked, beautiful Kankakee river with its marshes that allure the duck hunter is passing. It is giving way to agriculture, which prefers a commonplace ditch 29 miles long to 75 miles of crooks and turns and swamps.

For four months just past Dunn's bridge, three miles north of Tefft, Ind., has been the scene of immense activity. The dredging force made this the base of its operations. The new ditch ends at Snider, Ind. The Kankakee river will be dredged practically from its source to the state line. The surplus water of spring will be rushed to the Illinois river and progressive farmers and business men will profit.

TEACHERS MAY APPLY LAW HERE

Those in County Outside of Rushville or Those in City May Apply For Admission

PROVISIONS OF STATUTE

Control and Management of Retirement Fund is Vested in a Board of Trustees

Now that teachers pension act has been made into law in Indiana, the teachers of Rush county outside the city of Rushville, or those in the city, each of which constitute a unit may petition for admission to the operations of the fund in case a majority of the teachers in either unit desire it. It is not known here whether the teachers will take advantage of it, but it is not thought likely they will take any vote on the matter at least until they have familiarized themselves with the statute.

The law provides for the establishment of a state teachers' retirement fund to be applied in the payment of annuities to persons engaged as teachers in the public schools of the state after thirty-five years' service, twelve years of which may have been in schools outside the state. A disability clause also is in the bill.

The following schedule is provided for: Thirty-five years, \$600 a year; thirty-six years, \$620; thirty-seven years, \$640; thirty-eight years, \$660; 39 years, \$680; 40 years, \$700.

The following schedule applies to teachers who are retired for disability: Twenty-five years of service \$350 a year; twenty-six years, \$375; twenty-seven years, \$400; twenty-eight years, \$425; twenty-nine years \$450; thirty years, \$475; thirty-one years, \$500; thirty-two years \$525; thirty-three years \$550; thirty-four years, \$575. Allowance would not be made for less than one-half of a school year for disability.

The retirement fund is to consist of a permanent fund, to be made up of gifts, grants devised and bequests in money or other form, which the board of trustees may be authorized to receive a current fund; to be made up of all interest on investments or deposits of permanent or current funds, assessments on teachers' salaries and semi-annual apportionments from the proceeds derived from the state school tuition tax, of such additional amounts, as are sufficient to meet all annuities benefits and other expenses in excess of funds derived from the two above-named sources.

The control and management of the retirement fund is to be vested in a board of trustees, to be composed of the following: The state superintendent of public instruction, the auditor of state and the attorney-general, who shall be ex-officio members of the board; two other members would be appointed by the Governor, the appointees to be from different counties.

Under the bill the state is to be divided into units, as follows: Each city with a population of 5,000 or more shall constitute a unit, each county of the state shall constitute a unit and each public state normal school supported by public money and devoted to the preparation of teachers shall constitute a unit. Any unit in the state could come under the provision of the act whenever a majority of the school officials in the unit petitioned for admission.

Every teacher coming under the provisions of the act is to be assessed on his or her salary for the school year as follows: For the first fifteen years of teaching service, \$10 a year; for the next ten years, \$20 a year; for the next ten years, \$25; and for the remaining years of service, up to and including the fortieth year, \$20 a year. No assessment is to be collected from teachers after forty years of service.

The state treasurer is to be the custodian of all moneys, papers and securities belonging to the fund.

DRESDEN NOT SUNK IN NEUTRAL WATER

In First Detailed Story of Naval Battle in Chilian Water, Earlier Report is Denied

DESCRIPTION OF THE CHASE

(By United Press.)
Valparaiso, Chili, March 17.—In the first detailed story of the naval battle off Robinson Crusoe's Island in which the German cruiser Dresden was sunk, Lieutenant Commander Fielding of the Orana denied that the Dresden was sunk in neutral water.

"The story that she was sunk in Chilian waters is nonsense. That can be disproved by locating her bulk," he said.

He said the Dresden was about 12 miles off the point of Juan Fernandez when sunk by the three British ships; that they at once gave chase; that before half a dozen shells were fired the Dresden ran up the white flag and that it sunk soon after a terrific explosion.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

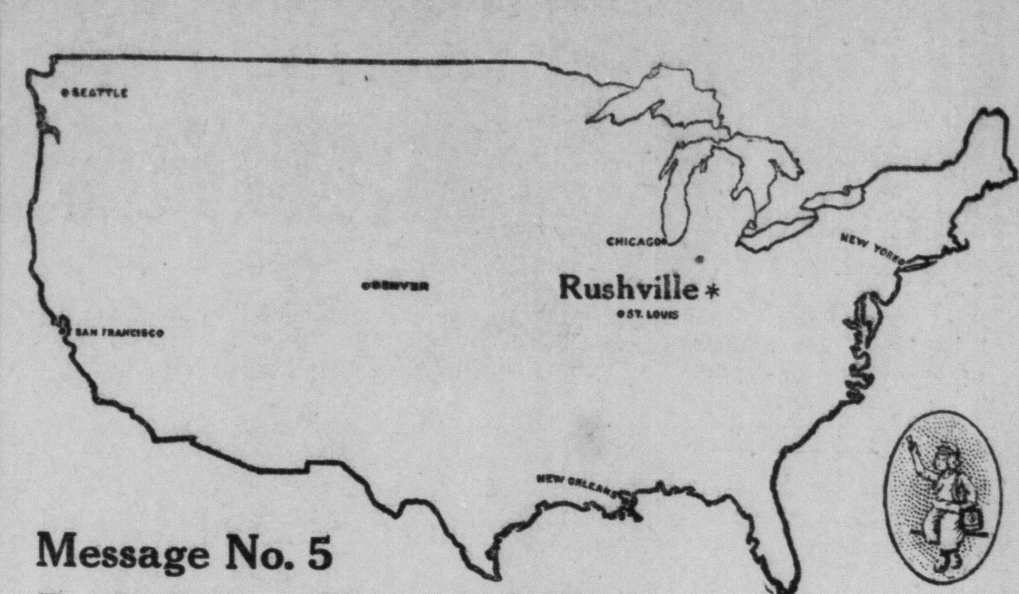

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live.

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefitted by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Message No. 5 To the Business Men of Rushville

The prosperity of a city is in direct proportion to the local pride. Where local pride runs high, prosperity has a firm foothold. Such a town is a good place to live and do business in.

Paint helps to a remarkable degree in spreading an impression of prosperity throughout a community. It gives a fresh, new, inviting look wherever it is used. Municipal buildings, stores and homes feel its good effects. Growing business is bound to be one of the direct results of a liberal use of paint, not from any magic in the paint, but because of the pride which is stimulated.

We Have Our Spring Buggies In!

and they are ready for your inspection and we extend you an invitation to call and look them over this week as it will be to your interest to make your selection between now and the closing day of our Opening. We will explain why when you come in. We have the finest buggies ever placed on a sample floor and we want you to look them over. If you need a Storm Buggy this is the correct place to get what you want. We are not selling them at a reduction of \$25.00, however, but we are selling them just the same as we have all season at \$100.00. We have always said that our price was just as low at any time as the cut prices of our competitors, and we are always ready to do as we advertise. When a merchant advertises he has made a cut of \$25.00 on a buggy use a little common sense in forming an opinion about this like the fellow that was in a state of Coma, and his friends thought he was dead, but before time to bury him he showed signs of life. When he rallied enough to talk his friends asked him how it seemed to be dead. "Dead," he exclaimed, "I knew all the time what was going on and I knew I wasn't dead, too, because my feet were cold and I was hungry and I knew that if I was in heaven I wouldn't be hungry and if I was in the other place my feet wouldn't be cold. Now if you will study out 99 per cent of the cut price argument you will see just about as much to them as there is in this little story. In other words, somebody has to be the goat, and the man that takes \$25.00 off of a buggy during a sale must have a lot on when he is selling regular. Buy your buggies where the price is always the same and as low as any cut price sale ever advertised in Rush County. Let the other fellow be the goat this time.

Council Changes in Record Where it
Once Voted to Buy Sprinkler
Without Receiving Bids.

WATER WAGON BADLY NEEDED

Wat Bartlett, City "Undertaker,"
Objects to Red Tape in Con-
nection With His Job.

Councilman Brann won out in his fight against buying a sprinkler and succeeded in getting the council record changed so that there is no mention of the subject. At the previous meeting the council, over the protest of Council Brann, voted to buy a sprinkler costing \$300 and his was made a part of the record. Last night when the minutes of the last meeting was read Mr. Brann moved that that part of the record pertaining to the water wagon be stricken out.

The other members of the council were inclined to be against Brann and it was only after Mayor Behout urged that this part of the record be cut out that his motion seconded. Councilman Brann held that the council had no right to buy a sprinkler without first advertising for bids and that in buying the sprinkler the mayor and clerk had not been instructed to enter into a contract with the concern making it.

Mr. Brann's position was sustained by the city attorney and the council decided to start all over and advertise for bids. The clerk was instructed to advertise for bids. The city needs a new sprinkler bad enough but Councilman Brann desired that it be bought in a legal manner.

There was nothing of very great importance before the meeting last night. Carl Foust, driver for the fire department, has had enough of this life and has decided to quit. The fire committee was given power to act in employing another driver. Foust wanted to quit by the coming Saturday night but an effort will be made to keep him there until another driver is secured.

City Treasurer Stech appeared before the council with a kick that he had been unable to obtain legal advice as to his duties in collecting street and sidewalk assessments. In many instances property owners have not signed waivers and have never paid a cent. Mr. Stech desires to know if it is his duty to advertise the property for sale in order to collect the money. The council promised to take the matter up and reach some decision.

Too much red tape on the part of the city came near costing the service of Watt Bartlett, official "undertaker" for cats and dogs. At the last meeting the council refused to allow a bill to Bartlett because it contained in the list of burial of two skunks. The council could not see where Bartlett could pick up two skunks in the city and asked him for an explanation. Bartlett gave the explanation and told the council that if he had to account and give the exact place where he found the dead animals he would quit as it was too much red tape for him. The bill was allowed last night and Bartlett given the privilege of quitting or continuing his services with the city.

Many Will Arrive Friday For
Meeting of Sixth District Edu-
cational Association.

WORD RECEIVED FROM OTHERS

A large crowd of teachers from over the sixth congressional district are expected here Friday evening and Saturday for the first meeting of the Sixth District Educational Association. The special committees to have charge of the local arrangements are being appointed and will be ready for publication tomorrow.

Superintendent J. H. Scholl has received word that Superintendent H. H. Roberts, president of the association, will arrive here Friday afternoon, and that the Richmond delegation of teachers, headed by Superintendent J. T. Giles will arrive here Saturday morning early. Word has also been received that a number of Cambridge City teachers will come here Friday morning and spend the day visiting the schools prior to attending the first session Friday night.

ANNUAL MEETING APRIL 6

Members of Country Club Hold Ses-
sion in Advance.

Several members of the Rushville Gun and Country club held a meeting at Hargrove & Mullin's drug store last night and resolved to canvass the situation thoroughly before the annual meeting the first Tuesday in April to determine what the future of the club shall be. Some members were rather discouraged because of the damage which has been done to the club property during the winter by vandals, but the prevailing opinion seemed to be that the club should be continued. It was practically decided to abandon trap shooting at the club.

A marriage license was issued this morning to Warren E. Mann and Permelia M. Nigh.

Excellence of Quality and Correctness of Style are
Superbly Combined in these

New Wooltex Tailored Coats and Suits for Women

WOMEN are charmed with the refinement and elegance of Wooltex coats and suits the moment they try them on, but one of the chief reasons why we so confidently recommend Wooltex garments, is because of the superlative quality of the fabrics and the superior workmanship with which the garments are constructed.

Style Correctness and Quality

Wooltex garments express in the highest degree style-correctness and artistic beauty; but in addition they possess a superiority of quality in every detail which is most gratifying to the woman who wears the coat or suit. There is a sterling honesty about the all-wool materials. They are thoroughly shrunk before being cut. Every seam is sewn with care by expert workers in one of the best equipped, most sanitary factories in America.

Every Wooltex garment is fully guaranteed by the manufacturers as well as ourselves. We are glad to have our customers select Wooltex garments because we know that they will always give the fullest possible satisfaction.

The picture shows a very handsome coat which expresses many of the points of superiority of Wooltex garments. The pleasing girly effect in front is produced by cleverly applied folds of the material. The fullness of the skirt in the back is gathered below a long curving waist-line set low down and outlined with closely-set buttons. This is a model that will be especially becoming to tall women with full figures. Many other equally charming models in both coats and suits are now here inviting your inspection.

Wooltex coats, \$16.50, \$20.00 and \$25.00
Wooltex suits, \$25.00, \$30.00 and \$35.00

DO YOU KNOW HOW TO SELECT A RUG?

You would never think of paying for solid silver without looking for the stamp "Sterling." When you buy gold you look for the Karet stamp. Why not then, when you buy a rug, look for the Hall mark of Rug Excellence? There is just one line of rugs made in this country today that is the best and that is like gold and silver—standardized, and every rug in the line has woven into its back the Quality Guarantee

LOOK FOR THIS MARK

LOOK FOR THIS MARK

No matter where you buy a Whittall Rug you pay a standard price for it—it is the same in New York, Cincinnati, Indianapolis, Chicago, New Orleans and San Francisco. Isn't it worth something to know that in return for the money you invest in your rugs you receive a Dollar's worth of standard quality? Besides, Whittall Rugs are the most beautiful and artistic on the market—they are made of Oriental Wools in Oriental designs and colorings and so wonderful in their texture they are worthy of intimate association with their Oriental Cousins.

MURDER CASE IS REVIVED TODAY

Mayor C. L. Behout Holds Court of Inquiry Taking up Killing of Milton Wagner.

WIDOW APPEARS AT HEARING

Officers May Have Some Clue—Other Cases Scheduled to Come up For Airing.

A court inquiry was in progress this afternoon before Mayor Behout and among the things to be taken up was the mysterious murder of Milton Wagner. Wagner, it will be recalled was murdered by an alleged burglar last fall at his home in West Eighth street.

This was the first case taken up by the court of inquiry. It is not known whether the officials have something new on the case or not, but it is known that Mrs. Wagner and most of the witnesses who appeared before the coroner at the time of his death were before Mayor Behout. Thos. Hughes, who lived next door to the Wagner home and who was one of the first to get to the house following the shooting, was the first witness before Mayor Behout.

Prosecutor Stevens conducted the examination before Mayor Behout. The Wagner case came to the attention of the officials before Prosecutor Stevens was in office and one of the purposes of the inquiry, it was stated was to acquaint the state's attorney with the facts in the case. The Wagner case is so old that many people do not believe that the officials will now be able to do anything and for this reason when it was learned that the case was being investigated great interest was immediately shown.

The local officials believe that all the facts in the case were never learned and rumors have been heard for some time. If anything new is brought out this afternoon Prosecutor Stevens will take the case before the grand jury. The officials would not comment on the case other than to admit that it was one of several to be investigated.

The parents of Edgar Foster were also before the court. Edgar Foster is material witness in the circuit court in the case against Chester Taylor, charged with the illegal sale of intoxicating liquor. He disappeared while the grand jury was in session and has not since been seen. The state desires to have him here as the case cannot be tried without him. It was understood that his parents knew where he was located and this was said to be the purpose of having them before the court of inquiry.

Two express agents were also before the court of inquiry and it was stated that their presence dealt with some alleged liquor law violations.

NO GENERAL OBSERVANCE.

There was no general observance of St. Patrick's Day here today outside of the special services at St. Mary's church. Green was predominant in many store windows and many persons wore little pieces of green ribbon to signify this was the natal day of Ireland's patron saint. The dramatic club of St. Mary's parish will give a three-act drama, "Shannon Aroon" tonight at the church hall. The table cloths at the Scandan house today were green and the dining room was decorated with flags.

A cake exchange will be held at Dixon's millinery store Saturday morning at ten o'clock by Mrs. Minnie Abercrombie's class of the Methodist Sunday school.

VISITING NURSE TALKS

Explains Her Work Before Parent-Teachers Association.

Those who attended the meeting of the High School Parent-teachers Association at Graham school last night heard a lucid and highly interesting explanation of the work of Miss Mary More, visiting nurse here. Miss Moore was highly complimented for her talk and the frank and earnest manner in which she answered the questions asked. She told how she gained entrance to homes and how she visited many each day. She also explained how she learned of cases of sickness where she could give valuable service.

HOUSE 75 YEARS OLD BURNS AT FAIRVIEW

Two-Story Frame Structure Owned By John Smelser Goes up in Flames Tuesday Night.

OTHER HOUSES ARE SAVED

A two-story frame house in Fairview owned by John Smelser and occupied by William Jackson and family, burned down last night at an estimated loss of \$500, with no insurance. The fire originated from a defective flue. The efforts of the volunteer fire department were of little avail and only a small part of Jackson's household goods from the lower floor were saved.

The direction of the wind probably saved other houses in Fairview from catching on fire because the sparks were all blown away from the town. Jackson's loss was placed at \$100 and Smelser's at \$400. Mr. Jackson worked for Mr. Smelser. Mr. Jackson expressed his gratitude today for the assistance neighbors had given him.

The house which burned was one of the old landmarks of the county and was known in Fairview and vicinity as the old "Billy Moffett residence." It stood at the intersection of the cross roads in Fairview and was erected more than seventy-five years ago.

BOY MADE WARD OF JUVENILE COURT

Robert Glore is Taken to Indianapolis Orphans Home by Probation Officer

FINALLY SHOWS UP IN COURT

Robert Glore was made a ward of the juvenile court and was taken to the Indianapolis orphans' home this morning by James Miller, probation officer. After spending the night, away from home and failing to go to school in the morning the boy showed up at school yesterday afternoon and was brought before the juvenile court shortly after two o'clock.

The boy told Judge Sparks that he had been playing around over the city and that he had spent the night at a depot. The boy seemed anxious to get away from the home of Mr. and Mrs. Howard Glore and the court believed that their home was not the proper place for the boy.

WOLTER IS GIVEN HIGHEST FINE YET

Sentenced to 180 Days in Jail and Fined \$400 by Jury in Mayor's Court.

APPEALS TO CIRCUIT COURT

State Brings Out he Gave Occupation as Retail Liquor Dealer in Obtaining License.

Eddie Wolter was found guilty of operating a "blind tiger" by the jury in police court yesterday afternoon late and fined \$400 and sentenced to jail for 180 days. This is the largest fine ever assessed in police court and lacks one hundred dollars of being the maximum under the law. Wolter took an appeal to the circuit court and gave bond in the sum of \$800, signed by P. A. Miller and Thomas Sharp.

Each jury in police court seems to go the previous jury one better in assessing fines. The first case tried there in the recent cleanup movement gave A. E. Kinsley, custodian of the Eagles lodge, \$125 fine and 180 days in jail. The jury recommended the suspension of the license. The next case was that against Newton Casey. Casey was handed a fine of \$350 and 180 days in jail. The climax came yesterday with the \$400 fine and six months in jail. The jury did not say anything about suspending the license.

Wolter has two similar charges against him and the state expects to prove him guilty on both. The first of the two remaining cases will be tried Friday afternoon, or at least it is set for trial at this time.

In obtaining a conviction against Wolter the state, played heavily on the fact that Wolter held a government license and exhibited in evidence the receipt from the internal revenue office in Indianapolis to show that he had paid \$25 for it. Under the law and as held by the supreme court, the possession of a government license in "dry" territory is prima facie evidence of a "blind tiger."

Wolter's defense was that he used the beer for family use and that it had been prescribed for his wife by a physician. The physician was placed on the stand and testified that he had prescribed beer for Mrs. Wolter about two years ago and admitted that he was at the Wolter's home last Saturday when he again prescribed beer. The state showed this was three days after the last raid. In the final argument the state pointed out that if Mrs. Wolter was the only one using the beer that from that time it was received and until the time the police made the raid she would have consumed about forty bottles in one-half day. Mrs. Wolter spoke out in protest at this statement and was told she might take the witness stand.

The state brought out that in taking out the government license Wolter gave his occupation as a retail liquor dealer and the state contended that this was evidence alone to warrant a conviction. The state pointed out that Wolter was the agent for a big brewery and that this concern was able financially to pay all the fines that the jury might impose.

ASKS 2-CENT RATE.

(By United Press.) Indianapolis, Ind., March 17.—The L. & C. Traction company today filed with the public service commission a petition asking a flat two-cent rate, the same as is allowed the Union Traction company and others. It would do away with round trip tickets and would establish "copper zones."

OVERRULES NEW TRIAL MOTION

Judge Sparks Holds Today Louis C. Lambert is Not Entitled to Another Hearing.

AN APPEAL WILL BE TAKEN

Eight More Names for Jury Service in First Liquor Case Set for Circuit Court

Judge Sparks overruled a motion for a new trial this forenoon in the case of James V. Young, administrator of the estate of Milton Wagner, deceased, against Louis C. Lambert. The suit was based on an insurance policy and the jury trying the case awarded the plaintiff Young \$1,000, thus holding, it is said, that the signature to the assignment of the policy was a forgery. The motion for a new trial was argued some time ago and the decision handed down this morning.

One of the things alleged in the motion for a new trial was misconduct on the part of the council for the plaintiff, it being alleged that he used language to work on the jury's sympathy and also used Mrs. Wagner, widow of Milton Wagner, as the thirteenth juror. Judge Sparks stated that the first notice he had of anything of this kind was when the motion for a new trial was filed. The court held that the question decided by the jury was one of fact and it was not for the court to rule against the decision of twelve men. Attorneys for Lambert will appeal the case to the supreme court and the appeal bond was approved.

A special venire of eight men was drawn today for jury service tomorrow in the case against Newton Casey, charged with the illegal possession of intoxicating liquor, which is scheduled to start in the circuit court on an appeal from the mayor's court, and great interest is being taken in the outcome. In the mayor's court Casey was found guilty and fined \$350 and given six months in jail.

Part of the regular panel found Casey guilty of associating and for this reason the court ordered an additional panel drawn, expecting that some of the men that heard the first case would not be allowed to serve. The special venire is as follows: George W. Gross, Walker; Peter Hollowell, Center; James M. Smith, Union; Henry Knotts, Washington; J. E. Prutze, Rushville; Charles McBride, Center, and John W. Davis, Rushville.

The claim of Frank G. Windeler against the estate of Margaret Windeler, deceased, was dismissed today in the circuit court. The claim was for \$2,869.82. It was heard some time ago and taken under advisement by the court. Wallace Morgan was allowed \$50 for defending the action.

BLOCK AND A HALF BURNS.

(By United Press.) Champaign, Ill., March 17.—Fire starting from an unknown cause today had destroyed the half block occupied by the six-story Illinois building and all of a full block adjoining except a corner occupied by the Citizens State bank. The damage will be several hundred thousand dollars.

At ten o'clock the fire was believed to be under control.

INDICTS FOUR FOR BRIBERY

Terre Haute Grand Jury Aims School Supplies Scandal.

REMONSTRANCES BEING PREPARED

(By United Press.) Terre Haute, March 17.—The local grand jury today indicted four men for bribery of a public official, presenting false claims and larceny in connection with mismanagement of the office of the trustee of Harrison township. The four indicted men are: George M. Moray and David B. Hill, Indianapolis; O. J. Steffy, Carlisle, and Hubert Elbert of this city. George Weldels, the trustee alleged to have received the bribe, was not indicted which caused some speculation. School supplies were involved. Hill formerly lived in Bartholomew county and was once proposed as Democratic candidate for mayor of Indianapolis.

REMONSTRANCES BEING PREPARED

Remonstrators Must Have Majority of Resident Property Owners on Any Street.

OTHERWISE IT IS USELESS

Several remonstrances are being circulated against the proposed street oiling and will be presented to the council at the special meeting one week from Thursday, March 25. In order to successfully remonstrate against the oiling it is necessary to obtain a majority of the resident property owners on a street. Under the law it is useless to obtain a remonstrance to a section of the street as outlined in the improvement resolution as passed by the city council.

A false impression is held by many regarding who has the right to sign the remonstrance. Unless the signer be a resident property owner of the street which the remonstrance covers the name will not count for anything, according to the law.

ORVILLE HODSON IN BAD CONDITION

Youth Charged With Check Forging Suffers From Lack of Habit Forming Drugs.

SECRET MIDNIGHT MEETING

(By United Press.) Frankfort, Ind., March 17.—Orville Hodson, age 22, who detectives says has confessed to passing many large bogus checks and who is waiting trial here on many charges, was in a serious condition here today for the lack of habit-forming drugs. He is addicted to the habit and the stuff smuggled to him in the jail has been taken from him. His condition was so bad that the jail employees gave him more.

Jail attaches told today of a secret midnight conference held with Hodson by his wife, Hattie Bainbridge Hodson, and her parents who motored from Louisville to Frankfort and left the jail about 3 a. m. today. Every effort was made to keep the visit secret. It is believed it was definitely determined whether Hodson shall plead guilty Friday.

SYSTEM TO GET FUNDS EXPOSED

Witnesses in Election Corruption Trial Tell How Gaming House Owners Were "Bled."

WERE FORCED TO CONTRIBUTE

Testimony Reveals Night Police Chief Made List of Saloons and Gambling Joints.

(By United Press.) Indianapolis, Ind., March 17.—The alleged system under which powerful Terre Haute gaming house owners were "bled" and forced to contribute hundreds of dollars to Night Chief of Police Jack Nugent, appointed by Mayor Roberts, for an election fund and particularly toward the election of Eli Redman, now circuit judge, was exposed today in the government election conspiracy trials. Many admitted Terre Haute gamblers testified.

The testimony showed that Nugent made out a list of saloons and gaming houses with the amount each place was to contribute and that several gamblers contributed direct to Eli Redman.

Philips (Pop) Burns admitted that he ran "a little game of chance" in which a man could lay down a nickel "and if he was lucky get five dollars." He said he gave \$60 to the registration fund, \$150 for the election fund and gave Eli Redman \$200.

"Redman said: 'Pop I'll give that back to you,'" said Burns, "but I said: 'Oh, that's all right.'"

James Shea of the Shea brothers saloon took the stand. He said a gaming house over his saloon was operated for him by Les Hull.

"Jack Nugent said he had us down for a contribution," said Shea. "We gave him \$600 in all." Shea said he gave Redman \$500 and that Redman gave his note for part of it. Shea was later recalled to the stand.

"Did you make any contribution to the defense fund in this federal trial?" asked District Attorney Bailey.

"Yes, I gave \$200 to Mayor Roberts in his office. Roberts said he wanted \$200 for attorneys' fees," said Shea.

Sheriff Dennis Shea of Vigo county cursed and abused prisoners arrested in Terre Haute on election day, according to the testimony today of Frank T. Drake in the government conspiracy trial. Drake said he was sworn in as deputy sheriff and that he served at the polls where Deputy Pete Siler was shot after Siler, it is said, had abused his power as deputy.

"Shea drove up in an auto after Siler was shot and came up to me," said Drake. "He asked me whether I had a gun and I said I had and that I was an election sheriff. He grabbed me and said: 'Come along with me you dirty —'"

Drake said Shea abused him and called him vile names repeatedly and that while in the jail Shea said: "I've just had one of my best deputies shot just like you. I have a notion to go in to his cell and scatter his brains all over it."

Drake said he was put into the cell occupied by Wesley Mitchell, who shot Siler and that Mitchell's jaw was broken.

ALARMED AT PROGRESS.

(By United Press.) Washington, March 17.—Much alarm exists at Progresso, Mexico, according to state department advices today from Consul Silliman at Vera Cruz owing to the severe defeat suffered by the Yucatan insurgents against German Carranza. It was stated that foreigners had asked asylum on an American warship.

Amusements

The Princess will show a three reel feature "Two Women" for the program tonight. An all star cast including Earl Williams, Aneta Stewart, Julia S. Gordon and Harry Northup is featured. The two women of which the picture deals are very different. One as wise as a serpent, the other as innocent and harmless as a dove. The story is said to be very novel and the story is full of thrills and surprises. With an all star cast the picture should prove a real treat.

The Gem offers a two reel Rex drama "The Sin of Olga Brant" for the first picture tonight. Pauline Bush is featured and it is said to be a thrilling story telling a story full of human interest. The other is a Nestor comedy entitled "Pruning the Movies." The Heckville board of censors start an uplift movement and the results are shown in this picture. Eddie Lyons and Lee Moran are featured. Tomorrow night the fifth episode of "Terrance O'Rourke" will be shown.

TODAY'S ODDEST STORY

Gallipolis, O., Mar. 16.—We have our delicate spots.

Jesse Hann, a privileged patient from Morgan county in the state hospital for epileptics here, fell off a fifty-six foot cliff, dropped through a tree, struck on his head, rolled down a hundred-foot hill and 15 minutes after arose and walked away.

His only complaint was that he had skinned his shin.

The Ladies Aid Society of the First Baptist church will give an exchange, Saturday, March 20th, in the room, formerly occupied by the Vignar Store, in West Second street. 313.

Sulky Plows

I will sell on September 1916, time Sulky and Walking Plows. These are the best on the market. The reason why I am selling them on long time is that one order from the factory and one from Indianapolis were both shipped in—this is the reason.

The Sulky is what the farmer has been looking for. This is the greatest plow on earth today. Sam Young says it will plow in any kind of dirt. Sam knows a good plow as he has lived on a farm all his life. I don't think Sam knows a plow from a wheelbarrow. There is one thing I do know—Sam Young won't lie.

If you will call at my place I will show you the Best Plow in the World.

Acts of Recent Legislature Are Explained by Expert, John A. Lapp

(This is the third of a series of articles prepared for the United Press by John A. Lapp, director of the Bureau of Legislative Information, explaining the new state laws. Editor.)

Two laws of great interest to bankers in the state were enacted at the present session of the legislature.

One provided that any private bank, state bank or national bank shall have fiduciary powers similar to those exercised by Trust companies. The law provides that they may accept any and all trusts and give authority for the president and cashier to accept such trusts in the name of the bank.

The second law provides for a charter board consisting of the governor, secretary of state and the auditor of state. This board is authorized to pass upon the financial standing and character of the or-

ganizers and incorporators of any bank and the public necessity for such a bank in the community in which it is sought to be established. Hereafter any person proposing to establish a bank of discount and deposit, savings bank or loan, trust or safe deposit company must make application to the charter board and if upon examination the board finds the financial standing of the incorporations to be good and that there is a public necessity in the community for such a bank or company, the board may grant a charter. If however, the board finds adversely on either of the questions, they may refuse the charter.

Severe penalties are attached to any person who attempts to do a banking business without securing the approval of the board. The bill has an emergency clause and the law, therefore, went into effect the day it was signed.

Woman Suffrage

(South Bend Tribune)

The returning legislators will realize more than ever the opportunity they missed when they declined to give limited suffrage to women in Indiana or to provide for a constitutional amendment giving them full suffrage. Nothing is more clearly evident just now than that women ought to be given the right to vote on an equality with men. Undoubtedly the reason the 69th assembly failed was because it was dominated by the liquor element. It feared reforms woman suffrage might inaugurate.

While the fact that women would

THE BEST PROOF

Given by a Rushville Citizen.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony—

The proof convincing.

It can be investigated by Rushville residents.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass the kidney secretions, which were sometimes attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular."

(Statement given June 1910.)

Over Two Years Later, Mr. Levi said: "I am still free from kidney weakness, thanks to Doan's Kidney Pills."

likely bring certain reforms to pass should they be given the right to vote is a strong argument for giving them the right, there is another deeper, more fundamental reason. The Fort Wayne News points it out clearly when it says that "if we exempted women from taxation and from the operation of our civil and criminal statutes, we might justly plead that she stands beyond the pale of suffrage; but so long as her property is taxed and so long as she is amenable to the same laws as man she is entitled as a matter of simple justice, to all of man's privilege."

Then the News points out that the war of the revolution was fought on the issue that "taxation without representation" was unjust and concludes, as every thinking man must conclude, that woman suffrage is only a matter of time. And the women are not going to forget the party which gives them the right to vote, anymore than the negroes have forgotten the party that enfranchised them. There is with the Democrats of the 69th assembly made catpaws of themselves for the liquor interests.

ONEALS HAVE GOOD SALE.

Oneal Brothers had a good sale at their farm three miles south of the city yesterday. Most of the stuff brought exceptionally good prices. The total receipts were in the neighborhood of \$3,800. Corn sold for eighty cents a bushel in the crib and some registered Hampshire sows sold for \$38 each.

WAY IS PAVED FOR NEW TAX SYSTEM

Legislature Passed Bill Providing for Appointment of Commission to Report in 1917

WILL STUDY CONDITIONS

(By United Press.)

Indianapolis, March 17.—Indiana's system of taxation, which by some has been termed unjust and inefficient, will be thoroughly investigated, and a program of readjustment outlined.

The legislature which adjourned Monday paved the way for action by the 1917 session on the tax question when it passed the Gemmill bill providing for the appointment of a state tax commission of five members to study the problem and report to the next session.

The commission is authorized to consult with John A. Lapp of the bureau of legislative information.

WANTS CROSS-TOWN LINE

(By United Press.)

Evansville, Ind., Mar. 17.—Mayor Bosse is determined to have a cross-town streetcar line. So determined is he that he announced today that unless the Public Utilities company comes through with one, he will establish a municipal jitney bus line. The nickel autos would allow west-side workmen to go home nights without having to go out of their way and pass through the downtown section.

HAS BEEN DOWN IN MEXICO

Wallace Campbell Heard From, According to Word Here.

Wallace Campbell, formerly of this city, who disappeared for several years as if he had been swallowed up by a hole in the earth, has been heard from again. Word received from Ned Abernethy, who is on the way to the Panama-Pacific exposition at San Francisco, is to the effect that Mr. Campbell is now in El Paso, Tex. He was in Mexico most of the time and his whereabouts were unknown, it is said. He came to the states when the conditions grew so bad and recovered his health in a sanitarium. He returned to Mexico about six weeks ago, according to the story received here, but could not stay.

TODAY'S ODDEST STORY
(By United Press.)
Tigerton, Wis. Mar. 17.—This village boasts the largest family in the United States. There aren't so many of them, but there's a lot of each.
At a recent gathering of the Hoffman brothers a dispute arose as to which was the biggest man in the family. They got weighed, with the following result: Hubert, 243; John, 233; Matt, 220; Louis, 229; Joseph, 230; Henry, 280; Harry, 247; J. H., 217; Hans, 234. Sounds like the lineup of a team of bowlers with their best scores.
That's more than a ton of brothers, at an average of 233 per Hoffman.

\$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 23 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 23, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

State of Ohio, City of Toledo, Lucas County,

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1906.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.

MAKES REPLY TO MASON NIBLACK

Gilbert H. Hendren Today Explains
Position of Each of His Sons
and Daughters.

REFUTES CHARGES MADE

Says Attack on Him Was Probably
Due to Fact he Supported
Bedwell For Speaker.

(By United Press.)

Indianapolis, Ind., March 17.—When Representative Mason J. Niblack towards the close of the 69th session of the legislature made a striking speech against the bill (now a law) to reappoint Gilbert H. Hendren, state examiner of the state board of accounts for a four year term, he stirred up something. Mr. Hendren came back today with a statement refuting the charges of Representative Niblack that the Hendren family had been unduly taken care of at the expense of the state.

Under the heading, "The Hendren Family," Mr. Hendren explains the position of each one of his sons and daughters. Niblack mentioned the fact that Bert Hendren is in his father's office. Of this Hendren says:

"My son, Bert Hendren, was appointed field examiner by W. A. Dehority, two years and seven days before I was appointed state examiner. Nobody questions the fact that Bert Hendren has made good, and, having obtained his position under civil service, as required by law, certainly no reasonable person would expect his father to kick him out so long as he makes good."

The statement answers the charges of Niblack as to the two sons employed at Burford's, holder of the state printing contract.

"My two sons, Curtis and Herman, who are employed by Wm. B. Burford, the publisher, commenced work for Mr. Burford nearly two years before I was appointed state examiner, and how anybody could take exceptions to this is more than we can understand," continues the statement.

"Another son, William, is a claim adjuster for the Union Traction Co., and another son, S. D. Hendren, has been a clerk for the Lake Erie and Western Railroad company and the Big Four for about eight years. Is there anything improper about this?"

"A daughter and a son are students at Shortridge high school and the oldest daughter lives at Alamasu, Cal. Another daughter lives at home. Three sons, Bert, William and Curtis, have been attending law school in this city for two years of nights and will graduate in June. Is there anything dishonorable, unfair or against the interests of the public in any way about this whole transaction."

"I supported Charles H. Bedwell for speaker and that probably is the reason for Mr. Niblack's opposition to me."

The fact that Niblack and Hendren hail from the same district, the Second, is not calculated to better matters. Mr. Hendren was for several years chairman of the district and Mr. Niblack is the veteran representative from the district and recently has announced himself as a candidate for governor. Both are Democrats.

\$6 FOR GRADUATING DRESS.

(By United Press.)

Mitchell, S. D., March 16.—Girl graduates of the Mitchell high school have by mutual agreement decided they would not spend more than \$6 for their graduating dress. This follows high school agitation about rich girls overdressing at graduation exercises, to the embarrassment of poor girls.

BERTHA M. SMITH ASKS FOR DIVORCE

Complaint Alleges Husband, Walter S. Smith, Frequently Struck and Cursed Her.

DEMANDS ALIMONY OF \$75

Mrs. Bertha M. Smith filed suit this morning for divorce from Walter S. Smith. Mrs. Smith alleges cruel and inhuman treatment. According to the complaint, they were married October 17, 1897 and separated on February 14, 1915. Mrs. Smith states that he frequently struck her and cursed her in the presence of their children. It is asserted that he frequently used obscene language in the presence of the children. She also states that he kept intoxicating liquor in their home.

They have four children and Mrs. Smith asks the custody of them, alleging that he is not a fit person to have care of them. She demands alimony in the sum of \$75 and demands \$5 a week support money.

FAULKNER BOOMED FOR STATE OFFICE

Senator From Michigan City Said to
Have His Eyes on Office of
Secretary of State

DEPENDS ON HOMER L. COOK

(By United Press.)

Indianapolis, March 17.—State Senator John B. Faulkner, the editor of Michigan City, has been one of the chief topics of conversation about the statehouse since he left for home following the close of the 69th session of the legislature. The talk has it that Senator Faulkner will be a candidate for secretary of state two years hence, provided Secretary of State Cook does not care to run again.

Senator Faulkner would not state definitely before he left whether he desired to be a candidate. He did say, however, that he had been approached by friends who desired him to run for mayor of Michigan City.

LOCAL PHYSICIAN BUYS NEW MACHINE

Dr. Lowell M. Green Has Just Received Apparatus for Administering Anaesthetics

MANY USES IT MAY BE PUT TO

Dr. Lowell M. Green has purchased and just received an anaesthetic machine which he expects to use in administering anaesthetics in surgical operations and which also will be found of value in dentistry and in the practice of obstetrics. The machine is in use in all the larger hospitals and is highly commended by the leading medical journals as the safest method of anaesthetizing. Its chief value lies in the safety it guarantees and the ease with which it is used.

The machine is equipped with a tank of nitrous oxide and a tank of oxygen gas which are so arranged that the two may be mixed in any proportion and regulated at any stage by control valves. When combined they may be heated by electricity by attaching to an electric socket. There is also an emergency control to give the patient oxygen separate and apart from the combined anaesthetic in case it is seen during the operation more oxygen is needed. There is also an ether jar on the machine so that the patient may be given ether while taking the anaesthetic when the surgeon thinks is needed. There is an air control on the machine and on the mouthpiece as well so that air may reach the patient's respiratory organs if the surgeon feels the need of air during operating. Besides, on the mouthpiece there is an exhalation valve to allow carbon dioxide to escape when the patient begins to show signs of the lack of oxygen in the blood while the operation is being performed. The oxygen and nitrous oxide are a thousand pounds to the cubic inch as they are prepared in jars, and are very expensive.

LAND RECLAIMED ALONG KANKAKEE

Crooked River is Passing as Dredging Work Advances—Ditch 29 Miles Long.

TAKES CARE SURPLUS WATER

(By United Press.)

Kankakee, Ill., March 17.—The crooked, beautiful Kankakee river with its marshes that allure the duck hunter is passing. It is giving way to agriculture, which prefers a commonplace ditch 29 miles long to 75 miles of crooks and turns and swamps.

For four months just past Dunn's bridge, three miles north of Teft, Ind., has been the scene of immense activity. The dredging force made this the base of its operations. The new ditch ends at Snider, Ind. The Kankakee river will be dredged practically from its source to the state line. The surplus water of spring will be rushed to the Illinois river and progressive farmers and business men will profit.

TEACHERS MAY APPLY LAW HERE

Those in County Outside of Rushville or Those in City May Apply For Admission

PROVISIONS OF STATUTE

Control and Management of Retirement Fund is Vested in a Board of Trustees

Now that teachers pension act has been made into law in Indiana, the teachers of Rush county outside the city of Rushville, or those in the city, each of which constitute a unit may petition for admission to the operations of the fund in case a majority of the teachers in either unit desire it. It is not known here whether the teachers will take advantage of it, but it is not thought likely they will take any vote on the matter at least until they have familiarized themselves with the statute.

The law provides for the establishment of a state teachers' retirement fund to be applied in the payment of annuities to persons engaged as teachers in the public schools of the state after thirty-five years' service, twelve years of which may have been in schools outside the state. A disability clause also is in the bill.

The following schedule is provided for: Thirty-five years, \$600 a year; thirty-six years, \$620; thirty-seven years, \$640; thirty-eight years, \$660; 39 years, \$680; 40 years, \$700.

The following schedule applies to teachers who are retired for disability: Twenty-five years of service \$350 a year; twenty-six years, \$375; twenty-seven years, \$400; twenty-eight years, \$425; twenty-nine years \$450; thirty years, \$475; thirty-one years, \$500; thirty-two years \$525; thirty-three years \$550; thirty-four years, \$575. Allowance would not be made for less than one-half of a school year for disability.

The retirement fund is to consist of a permanent fund, to be made up of gifts, grants devised and bequests in money or other form, which the board of trustees may be authorized to receive a current fund; to be made up of all interest on investments or deposits of permanent or current funds, assessments on teachers' salaries and semi-annual apportionments from the proceeds derived from the state school tuition tax, of such additional amounts, as are sufficient to meet all annuities benefits and other expenses in excess of funds derived from the two above-named sources.

The control and management of the retirement fund is to be vested in a board of trustees, to be composed of the following: The state superintendent of public instruction, the auditor of state and the attorney-general, who shall be ex-officio members of the board; two other members would be appointed by the Governor, the appointees to be from different counties.

Under the bill the state is to be divided into units, as follows: Each city with a population of 5,000 or more shall constitute a unit, each county of the state shall constitute a unit and each public state normal school supported by public money and devoted to the preparation of teachers shall constitute a unit. Any unit in the state could come under the provision of the act whenever a majority of the school officials in the unit petitioned for admission.

Every teacher coming under the provisions of the act is to be assessed on his or her salary for the school year as follows: For the first fifteen years of teaching service, \$10 a year; for the next ten years, \$20 a year; for the next ten years, \$25; and for the remaining years of service, up to and including the fortieth year, \$20 a year. No assessment is to be collected from teachers after forty years of service.

The state treasurer is to be the custodian of all moneys, papers and securities belonging to the fund.

DRESDEN NOT SUNK IN NEUTRAL WATER

In First Detailed Story of Naval Battle in Chilian Water, Earlier Report is Denied

DESCRIPTION OF THE CHASE

(By United Press.)

Valparaiso, Chili, March 17.—In the first detailed story of the naval battle off Robinson Crusoe's Island in which the German cruiser Dresden was sunk, Lieutenant Commander Fielding of the Orana denied that the Dresden was sunk in neutral water.

"The story that she was sunk in Chilian waters is nonsense. That can be disproved by locating her bulk," he said.

He said the Dresden was about 12 miles off the point of Juan Fernandez when sunk by the three British ships; that they at once gave chase; that before half a dozen shells were fired the Dresden ran up the white flag and that it sunk soon after a terrific explosion.

CLABBY-GIBBONS

(By United Press.)

Philadelphia, March 17.—Jimmy Clabby, the Hammond boy, tonight, will go into his first important bout since the disastrous run in with Mike Gibbons. Jimmy claimed he had recovered from his period of stalemate and would trim Young Ahern so thoroughly that Hammond may once more be proud of him.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. "I have always recommended your medicine ever since I was so wonderfully benefitted by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read, and answered by a woman and held in strict confidence.

Message No. 5

To the Business Men of Rushville

The prosperity of a city is in direct proportion to the local pride. Where local pride runs high, prosperity has a firm foothold. Such a town is a good place to live and do business in.

Paint helps to a remarkable degree in spreading an impression of prosperity throughout a community. It gives a fresh, new, inviting look wherever it is used. Municipal buildings, stores and homes feel its good effects. Growing business is bound to be one of the direct results of a liberal use of paint, not from any magic in the paint, but because of the pride which is stimulated.

We Have Our Spring Buggies In!

and they are ready for your inspection and we extend you an invitation to call and look them over this week as it will be to your interest to make your selection between now and the closing day of our Opening. We will explain why when you come in. We have the finest buggies ever placed on a sample floor and we want you to look them over. If you need a Storm Buggy this is the correct place to get what you want. We are not selling them at a reduction of \$25.00, however, but we are selling them just the same as we have all season at \$100.00. We have always said that our price was just as low at any time as the cut prices of our competitors, and we are always ready to do as we advertise. When a merchant advertises he has made a cut of \$25.00 on a buggy use a little common sense in forming an opinion about this like the fellow that was in a state of coma, and his friends thought he was dead, but before time to bury him he showed signs of life. When he rallied enough to talk his friends asked him how it seemed to be dead. "Dead," he exclaimed, "I knew all the time what was going on and I knew I wasn't dead, too, because my feet were cold and I was hungry and I knew that if I was in heaven I wouldn't be hungry and if I was in the other place my feet wouldn't be cold. Now if you will study out 99 per cent of the cut price argument you will see just about as much to them as there is in this little story. In other words, somebody has to be the goat, and the man that takes \$25.00 off of a buggy during a sale must have a lot on when he is selling regular. Buy your buggies where the price is always the same and as low as any cut price sale ever advertised in Rush County. Let the other fellow be the goat this time.

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as practical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. **J. B. SCHRICHE SONS MONUMENTS** 117-121 S. MAIN ST.

**Council Changes in Record Where it
Once Voted to Buy Sprinkler
Without Receiving Bids.**

WATER WAGON BADLY NEEDED

**Wat Bartlett, City "Undertaker,"
Objects to Red Tape in Con-
nection With His Job.**

Councilman Brann won out in his fight against buying a sprinkler and succeeded in getting the council record changed so that there is no mention of the subject. At the previous meeting the council, over the protest of Council Brann, voted to buy a sprinkler costing \$300 and his was made a part of the record. Last night when the minutes of the last meeting was read Mr. Brann moved that that part of the record pertaining to the water wagon be stricken out.

The other members of the council were inclined to be against Brann and it was only after Mayor Bebout urged that this part of the record be cut out that his motion succeeded. Councilman Brann held that the council had no right to buy a sprinkler without first advertising for bids and that in buying the sprinkler the mayor and clerk had not been instructed to enter into a contract with the concern making it.

Mr. Brann's position was sustained by the city attorney and the council decided to start all over and advertise for bids. The clerk was instructed to advertise for bids. The city needs a new sprinkler badly enough but Councilman Brann desired that it be bought in a legal manner.

There was nothing of very great importance before the meeting last night. Carl Foust, driver for the fire department, has had enough of this life and has decided to quit. The fire committee was given power to act in employing another driver. Foust wanted to quit by the coming Saturday night but an effort will be made to keep him there until another driver is secured.

City Treasurer Stech appeared before the council with a kick that he had been unable to obtain legal advice as to his duties in collecting street and sidewalk assessments. In many instances property owners have not signed waivers and have never paid a cent. Mr. Stech desires to know if it is his duty to advertise the property for sale in order to collect the money. The council promised to take the matter up and reach some decision.

Too much red tape on the part of the city came near costing the service of Wat Bartlett, official "undertaker" for cats and dogs. At the last meeting the council refused to allow a bill to Bartlett because it contained in the list of burial of two skunks. The council could not see where Bartlett could pick up two skunks in the city and asked him for an explanation. Bartlett gave the explanation and told the council that if he had to account and give the exact place where he found the dead animals he would quit as it was too much red tape for him. The bill was allowed last night and Bartlett given the privilege of quitting or continuing his services with the city.

VANGUARD OF TEACHERS COMING

**Many Will Arrive Friday For
Meeting of Sixth District Edu-
cational Association.**

WORD RECEIVED FROM OTHERS

A large crowd of teachers from over the sixth congressional district are expected here Friday evening and Saturday for the first meeting of the Sixth District Educational Association. The special committees to have charge of the local arrangements are being appointed and will be ready for publication tomorrow. Superintendent J. H. Scholl has received word that Superintendent H. H. Roberts, president of the association, will arrive here Friday afternoon, and that the Richmond delegation of teachers, headed by Superintendent J. T. Giles will arrive here Saturday morning early. Word has also been received that a number of Cambridge City teachers will come here Friday morning and spend the day visiting the schools prior to attending the first session Friday night.

ANNUAL MEETING APRIL 6

**Members of Country Club Hold Ses-
sion in Advance.**

Several members of the Rushville Gun and Country club held a meeting at Hargrove & Mullin's drug store last night and resolved to canvass the situation thoroughly before the annual meeting the first Tuesday in April to determine what the future of the club shall be. Some members were rather discouraged because of the damage which has been done to the club property during the winter by vandals, but the prevailing opinion seemed to be that the club should be continued. It was practically decided to abandon trap shooting at the club.

A marriage license was issued this morning to Warrenice E. Maun and Pernelia M. Nigh.

Excellence of Quality and Correctness of Style are
Superbly Combined in these

New Wooltex Tailored Coats and Suits for Women

WOMEN are charmed with the refinement and elegance of Wooltex coats and suits the moment they try them on, but one of the chief reasons why we so confidently recommend Wooltex garments, is because of the superlative quality of the fabrics and the superior workmanship with which the garments are constructed.

Style Correctness and Quality

Wooltex garments express in the highest degree style-correctness and artistic beauty; but in addition they possess a superiority of quality in every detail which is most gratifying to the woman who wears the coat or suit. There is a sterling honesty about the all-wool materials. They are thoroughly shrunk before being cut. Every seam is sewn with care by expert workers in one of the best equipped, most sanitary factories in America.

Every Wooltex garment is fully guaranteed by the manufacturers as well as ourselves. We are glad to have our customers select Wooltex garments because we know that they will always give the fullest possible satisfaction.

The picture shows a very handsome coat which expresses many of the points of superiority of Wooltex garments. The pleasing circle effect in front is produced by cleverly applied folds of the material. The fullness of the skirt in the back is gathered below a long curving waist-line set low down and outlined with close-set buttons. This is a model that will be especially appealing to all women with full figures. Many other equally charming models in both coats and suits are now here inviting your inspection.

DO YOU KNOW HOW TO SELECT A RUG?

You would never think of paying for solid silver without looking for the stamp "Sterling." When you buy gold you look for the Karet stamp. Why not then, when you buy a rug, look for the Hall mark of Rug Excellence? There is just one line of rugs made in this country today that is the best and that is like gold and silver—standardized, and every rug in the line has woven into its back the Quality Guarantee

LOOK FOR THIS MARK

LOOK FOR THIS MARK

No matter where you buy a Whittall Rug you pay a standard price for it—it is the same in New York, Cincinnati, Indianapolis, Chicago, New Orleans and San Francisco. Isn't it worth something to know that in return for the money you invest in your rugs you receive a Dollar's worth of standard quality?

Besides, Whittall Rugs are the most beautiful and artistic on the market—they are made of Oriental Wools in Oriental designs and colorings and so wonderful in their texture they are worthy of intimate association with their Oriental Cousins.
